

Water Service Line Material Inventory

Saint Francis has completed and submitted our service line materials inventory to the Minnesota Department of Health. The service line inventory is publicly available and you can check the materials for your service line by visiting the Lead Inventory Tracking Tool (LITT) at <https://maps.umn.edu/LSL/> you may also contact us at 763-233-5200. To complete the service line inventory our system used records from water main installation, as well as data collected during the water meter replacement in 2019. As of 05/03/2024, our inventory contains zero lead, zero galvanized requiring replacement, zero unknown material, and 2,319 non-lead service lines.
